

**Fall is just around the corner and it is going to be GREAT!!  
There is a LOT happening at Longarm U!**

On the schedule are In-Person classes, Traveling Classes and a new Online Class. And here are the details!

---

## **Longarm U In-Person Classes**

### **[Just the Basics \(of Longarm Quilting\)](#)**

In this two day in person class, learn how to use your longarm machine - no matter what brand or size - so that you can finish your quilts easily and efficiently! You will learn how to load a quilt top so that it lays flat and square, how to quilt edge to edge designs and learn how to create many free hand designs. Winter holidays are fast approaching and this year **YOU** can gift your quilts to family and friends!

**[September 26, 27, 2025](#)**

**[November 7, 8, 2025](#)**

### **[Starting a Machine Quilting Business](#)**

Have you ever thought of using your longarm machine to earn extra income? With inflation and economic uncertainty, you **CAN** make extra \$\$\$ from your quilting. You don't have to be a "perfect" quilt, you just have to be a "good quilter" to get started. In this class you will learn how to be a profitable quilter - and the word "profit" is not a bad word!

There is **MORE** to starting a business and pricing your work than just finding out what other quilters are charging and then you charge less because you're the "new kid on the block!"

You will get a lot of class handouts including Customer Intake forms, marketing examples, and all sorts of other information!

**[September 28, 29, 2025](#)**

**[November 9, 10, 2025](#)**

Note - these classes are scheduled after the Just the Basics class. Register for **both** classes at a **substantial discount!!**

---

If you have any questions about any of the classes, or if you have any machine quilting questions, please contact  
**Cindy Roth at [LongarmU@aol.com](mailto:LongarmU@aol.com)**

## Traveling Classes Longarm U is traveling to Tucson, AZ

Come join the fun in Tucson, AZ where I will be teaching at the amazing [Tucson Quilt Retreat Center](#)

The class host is Palma Davis. If you have any questions about the facility or the location please contact here at [TusconQuiltingRetreats@gmail.com](mailto:TusconQuiltingRetreats@gmail.com) or call her at **360-798-7373**

For a PDF with more information about the **Tucson, AZ** classes or to register for the class(es) [Click Here](#)

**Class size is limited!! Register NOW!!**

### [Free Hand Sampler Class](#) **Saturday, October 18, 2025**

In this class you will learn **MANY** Free Hand designs, from simple to complex, and how to combine them on **YOUR** quilts! If you have a computerized quilting machine, you should know how to do some free hand work to bring your quilting to the next level!

### [Free Hand Feathers Class](#) **Sunday, October 19, 2025**

Feathers are amazing!! You can use feather designs to fill in LOTS of spaces and bring your quilting to the next level. Even a simple feather border will add a "spark" to your finished quilt!

If you quilt as a business, feathers are your cash cow! Customer LOVE feathers and you can charge extra \$\$\$ for them!

Learn how to make feathers quickly and efficiently and fit them in all sorts of spaces!

## Coming in Later October!! Autumn Leaves Mystery Quilt Along

The leaves are turning color and the air is getting cooler! Embrace the season with this simple to piece table runner and placemat set.

This is a **Mystery Quilt Along** which means you have your class project pieced and on the quilting machine, ready for quilting on the day of the event. The "Parts" of the quilting are activated about every two hours throughout the day, until you have all the quilting instructions.

There will also be optional embellishments that can be added with your longarm in this class. This class is open to everyone of all skill levels.

More details will be posted soon!!
